Gifts for Yanks Window Display Lighted Tonight

Legion, Auxiliary Continue Plans for Packages for Service Hospitals

A special window display in conjunction with the "Gifts for Yanks Who Gave" program being sponsored by Antioch Post No. 748 of the American Legion and its auxiliary is being arranged at the Williams Department store.

Christmas packages for hospitalized veterans are being received at Webb's Racket store and the Otto S. Klass store, where they will be picked up by the Legion for allocation to service hospitals.

There are several thousand men in service hospitals in Lake county alone—at the Veterans' administration at Downy, and at the Great Lakes and Fort Sheridan hospitals—the Legion and auxiliary point out.

Closes Dec. 10

Dec. 10 has been announced as the final date on which gifts may be turned in for this program, in order to allow sufficient time for their distribution to the various hospitals, according to their needs.

The value of the gifts has been set at between \$1.00 and \$5.00, in order to prevent the possibility of one man receiving a 10-cent gift and another a \$10 gift.

A suggested list of gifts is given in an advertisement elsewhere in this issue. A request has been made by the hospitals that no foodstuffs be enclosed, since it is possible that such a package might be received by a patient who is on a special diet. It is also requested that razor blades and similar articles be omitted.

A card with the donor's name and address should be enclosed in the package.

Lakes Theatre to Feature Free Movie Day, War Picture Lobby Display

Added stimulus to efforts of the Motion Picture Industry in promoting the sales of Bonds and Stamps during the Sixth War Loan Drive, comes from an exhibit of 25 of the latest War pictures, being shown locally at the Lakes theatre beginning Dec. 7.

These still photos, comprising the 4th edition of the already famous "Grafex Sees the War" compilation of combat photographs are the product of combat lensmen in all branches of the Armed Services. Included are some of the best Grafex "shots" by photographers in the AAF, Signal Corps, Navy, Coast Guard and Marine Corps.

The photographs are 11"x14" enlargements of the official originals from the files of the Armed Services. Each picture is on a standard salontype mount, titled and crediting the source.

Presented in cooperation with the U. S. Treasury department, this great exhibit was assembled by the Feltner Grafex corporation of Rochester, N. Y., manufacturer of aircraft and ground cameras used by all branches of the Armed Services. It is being shown at the Lakes theatre in collaboration with the War Activities Committee of the Motion Picture Industry.

As an added incentive to war bond purchases during the 6th War Loan drive Manager Bill Lemke of the Lakes Theatre announces that Thursday, December 7—Pearl Harbor Day—will be Free Movie Day, and anyone who signs a pledge to purchase a Series E War Bond of any denomination at the theater on that day will be admitted free.

Boy Scouts to Hold

Waste Paper Campaign

"Members of Antioch Boy Scout Troop No. 91 will be coming around on the morning of Saturday, Dec. 9, to pick up the bundles of waste paper in your basement, tie them up and put them in front of your house for the scrap drive pickup in the afternoon," Scoutmaster Frank Kennedy, Jr., announces.

"This drive is the first half of a campaign. The second half of the campaign will be held after Jan. 5, and the Boy Scouts are asking people of the community to save Christmas package wrappings and paper boxes that can be turned in for waste paper.

"The proceeds of this drive will be turned in to the troop funds."

Plans for the campaign were made at a meeting Monday evening in the American Legion hall.

At this meeting a donation for the American Legion's fund for the servicemen was also decided upon.

Dec. 15 has been set as "Initiation night," when all of the boys in the troop will become "tenderfeet."

Daniel B. Webb Dies at Home in Millburn; Was 89

One of Widespread Lake County Family Is Buried in Hickory Cemetery

Linking the pioneer era of Lake county with the present was the lifetime of Daniel Bronson Webb, 89, who died Saturday morning at his home in Millburn.

Webb was born in a log cabin on the property that is now a part of Ravenglen farm.

His father, Christopher Webb, was one of the six sons of Chase Webb, who came to Lake county from New York state and from whom the Lake Webb relationship in this region trace their ancestry.

His six sons, George, Albert, Thomas, Charles, Christopher and Ira, all settled along what is now Highway 173, in the vicinity of Hickory.

"D. B." Webb, whose mother before her marriage was Harriet Bronson, was born Nov. 1, 1855.

He was united in marriage with Agnes Baskerville on Dec. 12, 1877, in Racine, Wis. His wife, the daughter of Mr. and Mrs. Thomas Baskerville, who came to Waukegan from Worcestershire, England, in 1871, preceded him in death four years ago.

He is survived by a daughter, Mrs. Earl Edwards, Millburn, three grandchildren and three great-grandchildren.

A sister, Miss Eva Webb, lives at Millburn, where she made her home with him.

Services were held in Waukegan Monday afternoon at 2 o'clock, with burial in Hickory cemetery.

A meeting of the village council will be held Tuesday evening, Dec. 4, in the village hall.

Firemen Get Two Calls, But Both Are Cancelled

The Antioch fire department appear to be getting its public trained to the point of putting out its own fires. Two calls were received during the past week for fires that were extinguished so promptly that the firemen started for the scene.

One Saturday at 7 p. m. was for a fire in a cottage at Loon Lake; another, Monday at 6:30 p. m., was in a cottage at Shady Nook, Lake Marie.

A call received by the firemen last week was also cancelled.

The larger part of the Illinois commercial apple crop has been marketed, with only a small tonnage going into storage. The crop is estimated at 2,418,000 bushels by the Illinois and U. S. departments of agriculture. This is the smallest apple crop since 1938. Worm damage was severe, reducing October prospective yields by about 11 per cent. Ideal fall weather favored orchard owners who were handicapped by a shortage of hired help.

Reconversion item—Company scientists, after months of experimentation at U. S. Rubber Co. laboratories, have developed an extruded thread of synthetic rubber which retains elasticity through repeated washings and flexings.

All this, according to a recent announcement, means that girdles and foundation garments with pre-war two-way stretch, fit and comfort are expected to be available from now on in steadily increasing quantities.

A handy little booklet entitled "GI Bill of Rights Digest and Service Man's Data Book" is being distributed through Hunter's garage. The booklet includes a resume of Public Law 346 enacted by the 78th Congress; calendars; humorous features, and space for memoranda.

Township War Fund Drive Reaches \$900; Time Limit Is Extended to Dec. 15

Antioch Township's War Fund campaign has now reached about \$900, but is still \$1,200 short of its \$2,000 goal, William M. Rosing, chairman for the drive, announced this week.

The closing date for the drive has been extended to Dec. 15, in the hope that the quota can be met by that time.

Contributions to the fund may be mailed or brought to Rosing at the Antioch garage. Checks and money orders may be made out to the War Campaign.

Funds collected through the campaign go to the War Prisoners' Aid, U. S. O. and U. S. O. Camp Shows, United Seamen's Service, American Field Service, and the 17 recognized war relief and refugee relief organizations of the United Nations.

Mr. and Mrs. Willard Murphy, of Round Lake, are the parents of a son born in St. Therese hospital Nov. 25.

Mmes. L. C. Scott, Harry Shanks, Arthur McGreal, John Yopp, Agnes Hills, John Lucas, Sybil Steiskal, Henry Pape, Margaret Brady, Charles Skinkle, Otto Dolar and Charles Wertz.

Messrs. Joseph Rhymer, Peter Toft, Henry Pape, Steve Dorweiler and W. C. Coopers.

War Against Propaganda

A warning against propaganda intended to discourage the purchase of war bonds is given by Chairman Klass.

"Don't be misled by any propaganda. If it isn't 100 per cent American, your guess is just about as good as anyone else's.

"If enemy agent could discourage the sales of bonds to carry on this great humanitarian war it would mean more lives lost and more suffering for our American boys, by prolonging the war.

"If we don't respond to these bond drives, it means that the boys who are fighting will be short of the necessary things to bring this war to a speedy, victorious conclusion.

"Don't get rid of your solicitor by buying as few as possible, but by buying as many and as much, even if it pinches.

"These bonds will look very precious some day when money will not be rolling in as plentifully as it is today.

"Just think—the acme of safety, paying 2½ per cent or more in interest, and lastly, affording you the opportunity to do your part on the home front to help our boys on the fighting front!"

Residents of Antioch community who are purchasing bonds elsewhere through factory or business payroll deductions are being requested by Klass to notify the local war campaign committee, so that this community may receive credit for the purchases.

Mother of Lake Villa Man Dies in Waukegan

Friends of Mr. and Mrs. Ross J. Coan, Lake Villa, are extending to them their sympathy upon hearing of the death of Mr. Coan's mother, Mrs. Ross C. Coan of Waukegan, for whom final rites were held yesterday afternoon at 3 o'clock in Christ Episcopal church, Waukegan.

Mrs. Coan, Sr., who had been ill for the past four weeks, passed away Sunday night at Victory Memorial hospital, aged 48.

She is survived by her husband; their four daughters, Leona and Violet, at home, Mrs. Orpha Van Landuyt, of the state of Oregon, and Mrs. Sarah Lampinen, Waukegan; two sons, Richard, at home, and Ross.

Also surviving are her mother, Mrs. Clara Keefe, Waukegan, four brothers and two sisters.

Burial was in Warren cemetery.

A suit for \$20,000 for damages as the outcome of a traffic accident on Highway 41, north of Grand avenue, Oct. 31, 1943, was filed in circuit court in Waukegan last Saturday morning by Richard Allner. The complainant charges the Weber Cartage Line, Inc., and Roy Dibble, driver, with neglect in placing flares to mark a parked tractor-trailer-truck along the highway, and asks damages for personal injuries and for a wrecked automobile.

Back home, it's the same way about buying War Bonds. You feel good

when you count up and realize what a high score you've got. You feel you deserve a rest, too.

But the war isn't over yet. And until it is, I'll make a bargain with you: You keep on buying, and I'll keep on fighting till the last Jap drops!

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs \$600,000 in War Bonds. And this is just one of the many

TO PREVENT SKIDDING on slippery pavements, do not release your clutch until your car has been reduced to about 8 miles per hour. At all times, if your car should go into a skid turn your wheel in the same direction as the rear end of the car tends to go, and only to the extent of keeping car in line. Do not jam on your brakes, for when traction is lost so is your control.

Smart Farmers are saying, "I'll take my Fertilizer now!"

"I used to wait until spring to buy my fertilizer. But times have changed! Today there is a shortage of labor for handling deliveries; potash and phosphates are in greater demand than available supplies can take care of. Every farmer will want to step up yields again next year. I know, from long experience, that the best way to do this is with ANTIOCH MILLING CO. SOIL BUILDERS. I've seen how it increased yields of corn selected year after year for National and State Corn Husking Contests. It's my first choice among fertilizers.

"No one can tell what delays or other shortages we may have this spring. — I am changing my buying habits and getting ANTIOCH MILLING CO.'s fertilizer NOW."

Antioch Milling Company
is Ready for You

We can supply you with 3-12-12 for Dec. 1944 delivery.

It's a wise farmer who takes his spring fertilizer NOW. Shortage of hands for shipping, trucking—combined with uncertainty of product restrictions, warrant storing spring fertilizer on the farm. Our Fertilizer in moisture-resisting 80-lb. Handiwater paper bags is easy to handle and easy to store. Don't wait and hope to get it in the spring. Take your fertilizer NOW and avoid delays or disappointment when you are ready for planting. We suggest your calling on us NOW.

6 major advantages for industry in this area...

Northern Illinois has always been a foremost industrial area... in peace as well as wartime. Yes, a region where industries find it to their advantage to locate. Because here, rail, truck, water and air traffic converge. Here, within a radius of a few hundred miles, is the marketing and distributing center for nearly one-half the nation's population.

In this area, manufacturers have easy access to basic metals and raw material. Here is one of the world's leading financial centers. Here, too, are electric power plants of vast capacity to serve industries and farms as well as commercial establishments and homes.

Indeed, Northern Illinois is a great region today... and will be even greater tomorrow. Its favorable combination of economic factors makes it a region where established industries and new enterprises can thrive in the post-war period.
